the endowment fund to the required level are classified as increases in unrestricted net assets.

Pooled Endowment Funds

Effective July 1, 1997, management of the university's Land Grant Endowment Trust Fund was transferred from the State

Reclassification of Net Assets

The foundation reclassifies net assets from one category to another in the following situations:

Donor Directed Reclassifications – Net asset reclassifications which occur when a donor withdraws or increases their previously imposed restrictions, when prospective endowments meet the minimum requirements for acceptance as an endowment, and when net proceeds from appropriately advertised events are transferred to an endowment fund.

Net Assets Released from Restriction – Net assets released from donor restrictions by incurring expenses satisfying the restricted purpose, collecting payment on unrestricted unconditional promises to give or by occurrence of other events specified by donors.

Income Taxes

The foundation is an organization exempt from income tax under Section 501(c)(3) of the Internal Revenue Code and is generally not subject to federal income taxes. Contributions to the foundation are deductible for tax purposes by the donor, subject to the normal limitations imposed by the taxing

The following table summarizes the foundation's investments as of June 30, 2015:

5. Fair Value

The foundation follows the Financial Accounting Standards Board (FASB) guidance on fair value measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices are available in active markets for

Portfolio Securities

The foundation and the partnership

There are no net unrealized losses related to Level 3 assets that are still held at June 30, 2015.

Investments in certain entities that calculate net asset value (NAV) per share are summarized by category as of June 30, 2015 as follows:

6. Endowments

The foundation's endowment consists of more than 700 individual endowments established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. As required by Generally Accepted Accounting Principles (GAAP), net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. Board-designated endowment funds are classified as either unrestricted or temporarily restricted depending on the existence of donor-imposed purpose restrictions.

The foundation's Board of Trustees has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) enacted in the State of Alaska as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the foundation classifies as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net

assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with
