

System Governance Report

April 2013

Coalition of Student Leaders Shauna Thornton, Speaker

The student leaders began several projects during our recent Legislative Affairs Conference. It is the magic when a talented group of students get together the outcomes are genius.

Each of the active Coalition campuses focused on the I support the budget of the University of Alaska campaign. We anticipate a large volume of postcards to forward to our legislators. We promoted the message by placing tables in our common areas and by Facebook and flyers. In addition, we made calls to legislative meetings and wrote letters to the editor. We encourage all registered voters to do the same.

x Student leaders are currently attending meetings:
