RATIONALE:

UA’s furlough policies as implemented require non-exempt employees to take leave without pay. The leave without pay code does not allow for leave accrual, so non-exempt employees lose annual and sick leave proportionate to the number of hours they are furloughed. Exempt employees do not take leave without pay as part of furlough and so never lose leave accrual.

Annual leave is cashed out upon termination and, for employees Grade 79 and below, available for the Annual Leave Cash-In program.

UA Staff Alliance has considered other possibilities that might help UA be more flexible with furlough:

1. Continue to true-up annual and sick leave for furloughed non-exempt employees
2. Grant furloughed non-exempt employees additional personal holiday time
3. Furlough non-exempt employees for a fewer number of hours than exempt employees

Staff Alliance appreciates the work done by HR in Fall 2016 to resolve this issue in a favorable manner for furloughed employees at UAF. We hope that we can work with UA to find an equitable resolution in the future, especially as furlough is likely to be on the table in FY18.

Furlough FAQ for Exempt (salaried) University Employees

What is a furlough?

A furlough is defined in University Regulation R04.01.115.A as a temporary unpaid leave for a designated period of time, or a prospective, temporary reduction in pay, imposed to meet a budgetary shortfall. University furlough plans are recommended by the chancellor and approved by the president. Furlough plans for exempt employees will be a temporary reduction in pay during the fiscal year.

As a salaried employee, how will my pay be affected by a furlough?

When an exempt employee is furloughed, their salary during the furlough period is reduced by a percentage commensurate to the number of furlough days assigned. If, for example, there is a 10-day furlough in FY16, your annual gross earnings would be reduced by 3.8%, and you would receive 10 furlough days to be used between July 1, 2015 and June 30, 2016. Regardless of when an exempt employee uses the furlough days, the reduction salary will begin the first full pay period in July.

How are furlough days scheduled?

Furloughs may include “fixed” furlough days and “floating” furlough days. If a campus or a department closes on certain days, those will be “fixed” furlough days. “Floating” furlough days will be scheduled in the same way that employees schedule annual leave, with supervisor approval, subject to the operational needs of the department. The FY16 systemwide leadership furlough will be “floating” furlough days. Furlough days can be taken during the holiday closure or before or after a holiday.

When can I start using my furlough days?

Employees can use any of their floating furlough days beginning on July 1 of the affected fiscal year. Furlough days must be used on or before June 30 of the fiscal year end. They do not carry over to the next fiscal year.
